1860-1904

Theodor Herzl

- “Oppression and persecution cannot exterminate us. No nation on earth has survived such struggles and sufferings as we have gone through.
- “Palestine is our ever-memorable historic home. The very name of Palestine would attract our people with a force of marvelous potency.
- “The world will be freed by our liberty, enriched by our wealth, magnified by our greatness. And whatever we attempt there to accomplish for our own welfare, will react powerfully and beneficially for the good of humanity.
- “The idea which I have developed in this pamphlet is a very old one: it is the restoration of the Jewish State.

Pamphlet: “The Jewish State.”

First Zionist Conference, 1897

Zionism means oppressed downtrodden Jews becoming uplifted and able to affirm their continuity from Biblical times. Zionism means Jews living proudly once again in their ancient homeland. Zionism means the collective creativity of Jews of very ethnicity coming together to build a free civilization.

Zionism means the opportunity to enact an ancient dream that will not die. Zionism means establishing a modern civilization that shares a messianic vision of making earth a little more like Heaven. Zionism means sharing Israeli's blessings with the world. Rabbi Shaul Praver
